Virginia City, Nevada Public Meeting

20 MARK PHILLIPS: My name is Mark J. Phillips. I'm
21 a resident of Virginia City. I'm at P.O. Box 1092, Virginia
22 City, 89440. I was born in Seattle, in 1956.

23 My biggest point that I came up with last night
24 is wouldn't Nevada take it all, with the promise of no more.
25 That was the thought that came to my mind as a possibility.

1 My only possibility. Homer Simpson says "dout." That's
2 d-o-u-l-t. Science says "no more." Uranium was dug up by
3 Navajo slaves. Genie will not be buried.

4 That's all I came up with last night. I'm sorry
5 I couldn't bring science to this.

6 I'm a registered voter, and representatives of
7 Nevada that I helped elect are opposed to this. They are my
8 best voice.
